

BROCKTON.

By B. F. WEAVER.

(All communications intended for this department should be addressed to B. F. Weaver, New Brockton, Ala.)

On last Wednesday at noon while Miss Mamie Rivenbark played a beautiful wedding march Miss Lucile Bryson and Mr. Joseph B. Hatfield marched down the aisle of the Methodist church there in the presence of a large number of admiring friends seated before the altar while Rev. S. A. Owens spoke the words that joined two hearts that had already been united by stronger, and more lasting ties of gentle love.

Mr. and Mrs. Hatfield left on this afternoon train for Montgomery where they will make their home. Miss Lucile carries with her the loving interest of her friends here who believe Mr. Hatfield will prove the hero worthy of his lovely bride.

Among the out of town guests of the wedding were Mr. Tom Field and two children and Mr. Walter Hatfield of Enterprise.

Rev. S. A. Owen and family left Monday for Sandy Ridge in Lowndes county where he is pastor for the coming year.

Rev. Joe Marley and little daughter were the guest of relatives here last week.

Mr. Massy is away on a visit to relatives in Florida.

Mr. and Mrs. Dodson are visiting the later's parents, Mr. and Mrs. Connnith this week.

Among the visitors here Sunday were Messers Malcolm Harper and Robert Harper and wives of Geneva, Mr. Chas McRee and wife of Brundidge, R. A. King and wife from near Elba, and Mr. Davis of Florala.

Francis H. Burr, aged 24, who was captain of the Vincennes football eleven of 1908, died at Boston, after an illness of two months, of typhoid fever. He made an enviable reputation at Harvard as an athlete.

Miss Irene Dickerd is home for the holidays.

In spite of the rain and cold on Friday the entertainment and games of Coffee have moved to our

town. These gentlemen have moved here to send to school and will have farms near here.

Mr. Allen has gone into the mercantile business and is prepared to sell you some feed and clothes. He is in Crumpler building known as the old hotel.

Mr. J. T. Hutchison, a hustling farmer from Tallapoosa county has bought a large plantation about 4 miles north east of town and is building several new dwellings and informs the writer that a large number of white families will move there where there has not been a single one.

We need more such men as these gentlemen in this section.

Mrs. J. S. Marsh and children are spending a few days in Elba.

Mr. E. Broell bundled up all his children and with his wife went out to her father near Clintonville where the day was spent happily together.

Miss Mamie Rivenbark is visiting Dathan and Hatford this week.

Prof. Woorruff and wife former Brockton teachers are visiting friends here this week.

On Saturday they with Prof. and Mrs. Marley, Prof. and Mrs. Weaver enjoyed a Christmas dinner with one of their pupils Albert Fussell. Several relatives were present and the day was greatly enjoyed by all. One of the hungry passengers got a slice of turkey so large he thought (till he tasted it) it was pig Ferris home.

Uncle Jess Moore had a very pleasant time with friends in Dathan Sunday.

Mr. Albert Howell took turkey with friends in Enterprise Sunday.

Miss Irene Dickerd is home for the holidays.

In spite of the rain and cold on Friday the entertainment and games of Coffee have moved to our

large crowd. The following program was rendered after which the many presents were given out.

Song, "God Rest Ye" by school

"If Santa Claus was Pa" - R. J.

Holmes

Want Duty on Meat Re-pealed

Washington, Dec. 8.—The first effort made in the present session of the house to have a change made in the tariff law was by introduction yesterday by Representative Sulzer, of New York, of a bill to repeal the duty on meats and cattle. All meats and all cattle imported for use as foods are to be placed on the free list of the bill.

In view of the fact that the "meat trust" is selling meat cheaply from \$8 to 15 cents a pound in London than in the United States," said Mr. Culver, "it seems that all meat should be on the free list."

ELBA, ALA. DEC. 30, 1910.

This is the season to take stock of your year's work; make restitution for any wrong you have done, and return thanks for favors received.

Many new farms are being opened up in this section of the state at this season, and many new citizens from other states are coming in to make Alabama grow greater. Several colonies from the northwest have been and are being settled on the cheap lands that have been put on the market.

Congressman Hobson's letter to the citizens of Alabama, published in many of the state papers has had the effect of getting people to think "just where we are at" in educational matters. It is well that the people should be told the naked truth occasionally, even if it is unpleasant.

Take Care!

Remember that when your kidneys are affected, your life is in danger. M. Mayer, Rochester, N. Y., says: "My trouble started with a sharp shooting pain over my back which grew worse daily. I felt sluggish and tired, my kidney action was irregular and infrequent. I started using Foley Kidney Pills. Each dose seemed to put new life and strength into me, and now I am completely cured and feel better and stronger than for years." City Drug Co.

A new cotton picker has been perfected by Chicago corporation that is said to do the work satisfactorily. The inventor has been working on the machine for twenty years and has at last got near enough perfections to gather cotton without injuring the plant. Several of the machines have been tried in Texas and Tennessee this season and have demonstrated that picking cotton by machinery is an accomplished fact. The picker will not work satisfactorily unless the land is free of stumps. If what the inventor claims for this picker is true it will revolutionize cotton growing, and in a few years this country will make 25 million bales of cotton. This would have been done long ago but for the fact that there is not enough labor to gather the crop by hand.

End Winters Troubles.

To many, winter is a season of trouble. The frost bitten toes and fingers, chapped hands and lips, chilblains, cold sores, red and rough skins, prove this. But such troubles fly before Buckland's Aronia Salve. A trial convinces. Greatest healer of burns, boils, piles, cuts, sores, eczema and sprains. Only 25¢ at Harp Drug Co.

This is the season to put out fruit trees and trim and fertilize old orchards. Every man on a farm should make it a rule to plant a few fruit trees every winter. There is nothing that adds more to the pleasure of country life than plenty of good fruit; and in this country it is about as easy to have it as to do without.

The Atlanta Constitution made a great to-do last week about a Georgia farmer that had \$2,000 in cash and was out of debt. Good farmers must be pretty scarce in that district. You can find a dozen or more farmers with that much money in Elba at any time.

A Word For Father.
From the Austin Statesman.

Paul West, in the New York World, has another word for "father."

And now who gets his meed of praise? Father. Who is it labors all his days? Father. Who always has to pinch and strive to keep the family alive, and sheds his hair at thirty-five? Father.

Who always home his wages brings? Father. Who sees them fit for clothes and thing? Father. Who sees them go for food and rent and never gets himself a cent, except when he's already spent? Father.

Who has two dollars cost, no more? Father. Who sees his wife blow in a score? Father. Who has to wear a saw-tooth shirt and collar which his thorax hurt, so no can have a hobble-skirt? Father.

Who sees the cost of living soar? Father. Who says "Well, soon we'll eat no more"? Father. Who, when the month's first days comes round, half buried to ears is found in bills that cause him woes profound? Father.

But who is happy all the while? Father. Who only ask a pleasant smile? Father. Who only seeks the simple bliss of welcome hug and loving kiss and hates such patronage as tis (about Christmas time)? Fathers.

Road Crew Moving
To Geneva County

Troy Messenger

The road crew of James Giddens left here today for Geneva county where Mr. Giddens has a large road contract for that county, building a roadway clear across the county and through the town of Geneva.

Mr. Giddens is well equipped with fine mules and modern road building machinery. He has done considerable work in South Alabama counties in the past few years in building good roads.

Jesse Olden, a well known man, was shot and killed in his yard in Bond, Miss., Sunday night. His wife, hearing the cries of her wounded husband, went to him and as she bent over him she was also shot and fatally wounded. Olden went into the yard and found his wife dead, taking his gun with him, but had hardly stepped into the yard when he was killed. The tragedy is surrounded by mystery.

Using the same revolver which his sister was killed 18 months ago and choosing a similar position which she had for death, he shot his own life, John Reed, 22 years of age, committed suicide by shooting himself through the head, at Lexington, Ky. The young man had been despondent since the death of his sister, which was said to be an accident.

For \$40,000, lost on the steamer Carpathia during the storm, he came to New York from Trieste, and when the Carpathia got into port, she was held at quarantine for the transfer from the steerage of 53 children, all ill with malignant contagious diseases. The 53 invalids were sent to Hoffman Island for treatment. The bodies of the children who died on route were buried at sea.

At Bloomington, Ill., Charles Frederick, a retired farmer, bought a cemetery lot and monument and mailed a note, then undertook with instructions to find his body on the lot. Frederick's body was found with a bullet in the brain.

Three white men wrecked the safe in the Maner Trading Company's store at Minor, near Waycross, Ga., took \$1,000, valuable deeds and notes, \$1,400, in large sums and caused \$2,000 damage to nitroglycerine. They were pursued, but escaped in the darkness.

A shortage of over \$10,000, it is alleged, has been revealed by an examination of the books of the Savings Bank of Braddock, Md. The bank was ordered closed by State Bank Commissioner J. D. Downs. The deposits, amounting to \$200,000, are made up mostly of the savings of railroad employees.

Three youthful highwaymen at Chico shot one hold-up victim to death, fired at two others, and allowed a fourth man to go after stripping him of cash and overcoat. The bandit trio committed the series of crimes on the Mexican side within the period of an hour, and although seen by a half dozen persons, cleverly escaped.

Robbers dynamited the vault of the bank at Texline, Texas, but the explosion drove the bank away from the building. The robbers away from the bank opened the safe. The explosion wrecked the vault and bank building. The bank is a branch of the Dahart National bank.

IN CHURCH YARD MAN IS KILLED

He Was Killed Instantly by
Rev. W. J. Kimmon.

TRIED TO BREAK UP MEETING

Tragedy Was the Culmination of
Crusade Against Moonshining—Min-
ister's Two Brothers Also Took
Part.

Carter Linsenfeld, reputed moon-
shiner, was shot and killed in Mt. Pis-
gah church yard, near Palomino in Gil-
mer county, by W. J. Kimmon, a Baptist
minister. Two brothers, the Rev. W. J.
Kimmon, who took part in the
affair, one of them being very seri-
ously wounded. These two brothers
are also ministers.

The Saturday evening meeting
which started was in progress when
Linsenfeld kicked down the church
door and broke up the meeting. The
three ministers remonstrated with the
man to go his way; that they were
there to worship and they would not
gratify his desire to break up their
meeting. Linsenfeld threatened to
physically threaten to break up the
church and to run the three ministers
out of the country if they continued to
preach against moonshining. It is
stated that Kimmons condemned
the illegal manufacture and sale of
whisky. The tragedy was the culmina-
tion of a long-contested fight made
on the affair.

A serious coincidence in connection
with the killing of Linsenfeld by the
minister was the fact that at the very
time the tragedy was being enacted
in the shadow of the old Baptist
church, a moonshiner, identified as
one of the brothers, was said to have been owned and operated by
Linsenfeld, was cut to pieces and de-
stroyed by Deputy Collector Hopkins,
of Jasper, within a stone's throw of
the church grounds.

Leisure Collector Hopkins, returning
to Jasper after the successful raid
told the story of the tragedy in the
church yard.

SCHOONER CATCHES FIRE.

Two Seamen Killed, Two Injured
When Boat Explodes.

Two sailors killed and two others
were seriously injured when a 50-
gallon drum of gasoline exploded on
the schooner Little White, of Key
West, at the Gulf Refining Company's
docks at Galveston, Tex.

The schooner was wrecked and sank
to the bottom almost immediately
after the explosion. Fortunately for
the two injured men, the accident
happened at low tide and the vessel
was still afloat.

Immediately following the explosion
the boat caught fire. There were
nearly 200 drums of gasoline aboard
and when the firemen arrived they
feared that every moment would bring
down the vessel. In the efforts to
rescue the two wounded men, who were
lying helpless in the hold of the
vessel, Assistant Fire Chief Torres
headed a squad of men to the rescue.

Both men were dragged out and
drums of gasoline in immediate dan-
ger of the fire were rolled beyond
danger. The flames were quickly ex-
tinguished.

MARKHAM CHOSEN.

Will Be President of Both Illinois and
Georgia Centrals.

The gossip of Wall street, New
York, is that Charles R. Markham,
formerly of the Southern Pacific, but
now engaged in the oil business in
Pittsburgh, Pa., will be chosen
T. Harahan as president of the
Illinois Central railroad, will also suc-
ceed the late Major J. F. Hanson as
president of the Central of Georgia
railway, which is owned by the Illi-
nois Central.

It is a peculiar coincidence that it
became necessary to select a new pres-
ident for each of these companies at
the same time.

The retirement of President Harahan
and his resignation becomes effec-
tive on his seventh birthday, Jan. 12, brought about the neces-
sity for the choice of his successor at
the same time that the filling of the
vacancy in the presidency of the Gen-
eral of Georgia was under considera-
tion.

After many years in the license com-
pany with twenty-one saloons and sev-
eral clubs enjoying the privilege of
liquor selling, North Adams, Mass.,
has swung into the no-license rank by
one vote.

Final Ballot is Cast in the British
Elections.

With the final balloting the general
elections have come to a close. The
results are not yet known, but these
last three seats voted on were
formerly held by a liberal, a nationalistic
and an independent nationalist.

The standing of the parties is as
follows:

Government coalition: Liberals, 270,

laborites 43, nationalists 10, Total 325.

Opposition coalition: 172.

Coalition majority 123.

The return of the nationalists and
the independent nationalist in the con-
stituencies yet remaining to be heard
will determine the outcome. There
is a possibility of a change in Wish-
burg, in Scotland, which was repre-
sented in the last parliament by a lib-
eral, R. Munro. The liberal majority
in this district in the January election
was 155, and it is considered doubtful
if the nationalists can overcome it.
